Title: Ratmen

Author:

A monstrous rat man is
drawn upon this page,
clutching a wheel of
cheese and a sword

--*--

Surely the product of
some foul sorcery, the
rat man truly has the
features of a rat, but
walks about like a man.
Rat men wear garments,
wield weapons and give
every sign of possessing
intelligence. They are
vicious, thieving creatures,
and cowards if pressed in
battle.
